Survey form to assess the level of attainment of student outcomes – Alumni

TU/sur-Form/02

Dear Alumni

It is wonderful to reconnect with you after a few years. We hope you have been doing exceedingly well in your career. We are sure that your stay with TU has enabled you to imbibe the process of life-long learning and to take up challenging careers. We are sure you were sufficiently equipped not only to take on the real world but also make it a better place to live in through responsible and innovative use of technology. We need your support to keep the TU flag flying high. We solicit your feedback on attainment of the student outcomes (the knowledge, skills and attitude that you developed during the course of study at TU and subsequent work experience) of the BE Electronics and Communication Engineering program. Please answer the following questions on a scale of 1 to 5 where 1 indicates little achievement or skill, and 5 indicates great deal of achievement.

S. No.	Survey questionnaire	Level of attainment (answer on a scale of 1 to 5)		
		Your employment experience	TU preparation	Overall
1	How do you rate yourself in designing components/systems involving concepts of mathematics and science?	4	5	4.5
2	How comfortable were you in the training/initial months in your first employment?	4	4	4
3	How do you rate yourself to identify and solve real life/practical problems in industry through the use of technical knowledge?	3	4	3.5
4	How comfortable were you in your profession while working in group projects?	4	5	4.5
5	How comfortable were you in understanding the new technologies and engineering practice for design, analysis and simulation?	4	4	4
6	Has the program enabled you to appreciate the impact of engineering solutions in a global and social context?	4	4	4
7	How comfortable were you in communicating through orthographic projections of machine components, assemblies and lay-outs?	4	4	4
8	How much satisfied are you with your progress in the employment?	3	4	3.5
9	How comfortable were you in learning the contemporary engineering practice necessary for engineering work?	3	4	3.5

Note: Cross-out whichever not applicable

(1) GATE exam after BE: ~~Passed~~/~~Failed~~/~~Not taken~~

(2) Promotion since graduation: ~~Yes~~/~~No~~

(3) Enrollment in higher studies: ~~Yes~~/~~No~~, if yes please answer following

(i) Name of program: _____ (ii) Year of completion: _____

(4) Involvement in professional societies as a event organiser

(5) Community service, if any: NO

(6) Overall how satisfied are you with BE Electronics and Communication Engineering program at TU and in your opinion how well is the program meeting its stated educational objectives:

~~Excellent~~ / ~~V. good~~ / ~~Good~~ / ~~Avg.~~ / ~~Poor~~

Your Name with signature: VINKAL BHANDARI Your current organization: ERICSSON GURGAON

TU/sur-Form/02

Survey form to assess the level of attainment of student outcomes – Alumni

Dear Alumni

It is wonderful to reconnect with you after a few years. We hope you have been doing exceedingly well in your career. We are sure that your stay with TU has enabled you to imbibe the process of life-long learning and to take up challenging careers. We are sure you were sufficiently equipped not only to take on the real world but also make it a better place to live in through responsible and innovative use of technology. We need your support to keep the TU flag flying high. We solicit your feedback on attainment of the student outcomes (the knowledge, skills and attitude that you developed during the course of study at TU and subsequent work experience) of the BE Electronics and Communication Engineering program. Please answer the following questions on a scale of 1 to 5 where 1 indicates little achievement or skill, and 5 indicates great deal of achievement.

S. No.	Survey questionnaire	Level of attainment (answer on a scale of 1 to 5)		
		Your employment experience	TU preparation	Overall
1	How do you rate yourself in designing components/systems involving concepts of mathematics and science?	4	3	3.5
2	How comfortable were you in the training/initial months in your first employment?	5	3	4
3	How do you rate yourself to identify and solve real life/practical problems in industry through the use of technical knowledge?	4	3	3.5
4	How comfortable were you in your profession while working in group projects?	5	4	4.5
5	How comfortable were you in understanding the new technologies and engineering practice for design, analysis and simulation?	4	2	3
6	Has the program enabled you to appreciate the impact of engineering solutions in a global and social context?	4	2	3
7	How comfortable were you in communicating through orthographic projections of machine components, assemblies and lay-outs?	4	3	3.5
8	How much satisfied are you with your progress in the employment?	4	2	3
9	How comfortable were you in learning the contemporary engineering practice necessary for engineering work?	4	3	3.5

Note: Cross-out whichever not applicable
