

## CREATIVE COMPUTING SOCIETY

*Chakravyuh is the most awaited event of Thapar University. CCS organizes this mega event every odd semester. Spanning over an entire week, the event gives the so-called proclaimed techies of Thapar University a chance to prove themselves and helps build interest among the rest. Attended by all, the event was a great hit and proves to be stupendous success every year.*

Chakravyuh 2K14, in its endeavor to provide a platform for students to showcase their talents, strives for all to get inspired. It aims to nurture a competitive spirit in all, with the ultimate aim to learn and grow. The various new events introduced bring freshness and boosts the curiosity and talent of students. Comprising of immensely interesting competitions and informative workshops, the whole event brings a delight not only for tech-enthusiasts, but for anyone and everyone visiting Chakravyuh 2K14. This year, the event was aimed at greater heights and no stone was left unturned in making the event a great success.

# CREATIVE COMPUTING SOCIETY

## EVENTS HELD:

- 1.HCL WORKSHOP (9<sup>TH</sup> OCTOBER,2014)
- 2.GDG ANROID WORKSHOP (1<sup>ST</sup> -2<sup>ND</sup> NOVEMBER,2014)

**ANROID WORKSHOP** : Creative Computing Society in association with Aranya presented an Android App Development Workshop and Appathon "CODE 4 CAUSE" by Google Dev Group on November 1 and November 2. For the first time in Thapar University, students were given a chance to learn Android App Development from none other than Google, with no Registration Fee. The workshop was well organized as it started with the basics of the Android App Development. Certificates were also provided by Google. Above all, top 3 Teams got direct entry to GDG Devfest 2014 . More than 120 students attended the workshop, and made this event a great success.
