

## TOASTMASTERS CLUB

*Thapar Toastmasters Club, a chapter of Toastmasters International is an organization that helps its members to improve their public speaking, communication and leadership skills. A very juvenile club started in Thapar University in September and in a very short period the Club has 50 enthusiastic members who meet every Wednesday, not just to overcome their stage fear and improve their communication skills, but to become a better orator and a better leader for tomorrow.*

The Club has conducted 8 meetings in which every member got an opportunity to come over stage and overcome their stage fear. This happens not by delivering long lectures but by participating in different activities. The overall atmosphere of the Club is very positive and supportive for each member to improve his/her public speaking skills. As every member goes through their journey as a Toastmaster, it inculcates in them different aspects of a good speaker such as body language, structured speeches, voice modulation and many other. Thapar Toastmaster members have taken the initiative of becoming good orators and public speakers.
