

Mechanical Engineering Department, Thapar University

Orientation Program July 2017

To help the newly admitted students in Under Graduate program to settle into Thapar University life, the Mechanical Engineering Department offered an Orientation Programme on July 25, 2017.

The Orientation Programme covered:

- introduction to the Mechanical Engineering Department
- studying and learning at the Thapar University
- academic guidelines and research activities
- interaction with the faculty
- presentation by the student counsellor
- interaction with department alumni
- a walking tour of the laboratory facilities
