Respected Sir,

Subject :- Conversion of project semester to start up since

I would like to convey that I have started an online platform named AllRoomz with an objective of putting online the paying guest facility and rooms making it convenient for a larger user base. I have also registered the above mentioned initiative as a Private Limited firm. I am developing an app which will help the users to connect with service providers. Thereby implementing the latest technologies of app development etc. In view of the above, I request you to convert my project semester into start up semester and evaluate me on the same basis. For that, I request the issuance of project semester diary which will highlight my progress.

Thanking you

Subject: Project Semester Training in Industry (Jan – June, 2017)

Dear Sir / Madam,

Thapar University, Patiala, is one of the premier educational institutes in northern India for imparting quality education in all major engineering disciplines. The institute was accorded the status of Deemed University in 1985 by UGC and AICTE.

As a part of our under graduate curriculum, students are required to undergo Industrial Training under Project Semester Scheme. The prime objective of this training is to sharpen their technical skills by exposing them to Industrial environment, along with adoption of value based Industrial culture, while being engaged in industrial problem solving. A **faculty coordinator** is assigned for monitoring the progress of the student(s) through interaction with their Industry supervisor(s). It is hoped that this will help in strengthening Industry Institute Interaction. In this context we seek the kind cooperation of your organization.

It is to bring to your kind notice that our next batch of third year Mechanical, Production and Mechatronics Engineering students shall be ready for undertaking their training from **January to June, 2017**. It is requested that a slot may please be provided for the student **Jatin Badyal (Roll No. 101409020)**, a BE student in the Department of Mechatronics Engineering to carry out training in your reputed organization.

It would be appreciated, if you kindly look into the possibility of offering stipend and accommodation to the students during their training period.

Hoping for a positive and an early response

Thanking you,

With due regards

Subject: Project Semester Training in Industry (Jan - June, 2017)

Dear Sir / Madam,

Thapar University, Patiala, is one of the premier educational institutes in northern India for imparting quality education in all major engineering disciplines. The institute was accorded the status of Deemed University in 1965 by UGC and AICTE.

As a part of our under graduate curriculum, students are required to undergo Industrial Training under Project Semester Scheme. The prime objective of this training is to sharpen their technical skills by exposing them to industrial environment, along with adoption of value based industrial culture, while being engaged in industrial problem solving. A faculty coordinator is assigned for monitoring the progress of the student(s) through interaction with their Industry supervisor(s). It is hoped that this will help in strengthening Industry Institute Interaction. In this context we seek the kind cooperation of your organization

It is to bring to your kind notice that our next batch of third year Mechanical, Production and Mechatronics Engineering students shall be ready for undertaking their training from May 17th to July, 2017. It is requested that a slot may please be provided to us for Rajinder Singh Sidhu (401686011) to carry out his training in your reputed organization.

It would be appreciated, if you kindly look into the possibility of offering stipend and accommodation to the students during their training period.

Looking for a positive and an early response

Thanking you,

With due regards

Sub. - Internship

Dear Yajan,

This is with reference to your application for an Internship in our organization.

We are pleased to offer you a Project in our organization (Automotive & Farm Equipment Sectors) commencing from 10.01.2017 to 09.05.2017 at Mahindra Vehicle Manufacturers Ltd, Pune. The details of the project would be given to you at the time of reporting.

- During this period it is expected that you will abide by the rules and procedures of the Company.
- You will, at all times, observe secrecy and confidentiality and will not divulge, disclose or make known to any unauthorized person within or outside the Company, nor will you use any knowledge or information in respect of manufacturing, technical know-how, trade or business data (including manufacturing processes, technical know-how, customer information, business plans and like matters) which are necessarily confidential and have come to your knowledge and possession.
- You will also not remove any such information in any form whatsoever from the Company premises, nor copy or transmit the same unauthorisedly through any medium including social networking networks/ public sites, nor will you grant permission to assist, permit entry to, or in any manner co-operate with any unauthorized person for the purposes of accessing, obtaining, copying, transmitting or removing the above. Even after the cessation of your employment with the Company, you will not use, divulge, disclose or remove in any manner whatsoever confidential information of the type described above of which you were in possession whilst in service to the detriment of the Company.
- You will also observe all the confidentiality measures which are in existence, or which may be enforced from time to time, as well as directions as to confidentiality marked on any communication, document, electronic data storage device etc. You shall indemnify and hold Company harmless and indemnified against any damage or loss caused to the Company on account of breach of confidentiality on your part. These confidentiality provisions shall survive the separation of your employment with the Company, either by way of retirement or termination or otherwise.

Mahindra

- In addition to your fulfilling the requirements of secrecy and confidentiality, as specified herein, also during your project with the Company, you shall not engage in any vocation, training, employment, consultancy, business, transaction, or any other activity, which is in conflict with the interests of the Company, in any capacity whatsoever either on your own or in association with any other individual/firm/institute/body corporate, etc., whether for any consideration or not.
- You will devote your full attention exclusively to the duties entrusted to you from time to time by the Company and while in service of this Company you will not work for any person or Company in any capacity either for any consideration or otherwise, nor do any private business without obtaining prior permission of the Company in writing.
- You will assign to the Company your entire right, title and interest in any Intellectual Property Rights (IPRs for short, which term would include patents, trade-marks, copyrights, designs, whether registered or not, and all improvements thereto) that you may make, solely or jointly with others, in the course of your project with the Company relating to any or all systems, services and products manufactured or marketed or leased or developed. You will perform all necessary acts and execute such documents in such format as may be required by the Company, without expense to you, which in the judgment of the Company or its Attorneys may be necessary or desirable to secure to the Company full right title and interest in the IPRs.
- The Company shall at all times have the right to access and monitor all e-mails created, sent / received or stored by you using Company facility and on Company's system at any time without giving you any prior notification. All such data and information shall be the property of the Company at all times.
- You shall endeavor to uphold the good image of the Company and shall not by your conduct adversely affect the reputation of the Company and bring disrepute to the Company, in any manner whatsoever.
- Under no circumstance shall the Company be liable for any losses to you due to accidents or casualties during your project.

Please sign the duplicate copy of this letter and forward the same to us within a week's time as a token of your acceptance of the above mentioned terms and conditions of the Project.

Yours Faithfully,
For Mahindra & Mahindra Ltd.

Ref No.: TIMED-674/
Dated: OCT 27, 2016

Subject: Project Semester Training in Industry (Jan – June, 2017)

Dear Sir / Madam,

Thapar University, Patiala is one of the premier educational institutes in northern India for imparting quality education in all major engineering disciplines. The institute was accorded the status of Deemed University in 1985 by UGC and AICTE.

As a part of our under graduate curriculum, students are required to undergo Industrial Training under Project Semester Scheme. The prime objective of this training is to sharpen their technical skills by exposing them to Industrial environment, along with adoption of value based Industrial culture while being engaged in industrial problem solving. A faculty coordinator is assigned for monitoring the progress of the student(s) through interaction with their Industry supervisors. It is hoped that this will help in strengthening Industry Institute Interaction. In this context we seek the kind cooperation of your organization.

It is to bring to your kind notice that our next batch of third year Mechanical, Production and Mechatronics Engineering students shall be ready for undertaking their training from *January to June, 2017*. It is requested that a slot may please be provided to us for Ashok Ranwa (101408030) to carry out his training in your reputed organization.

It would be appreciated, if you kindly look into the possibility of offering stipend and accommodation to the students during their training period.

Hoping for a positive and an early response.

Thank you.

Dear Sir / Madam,

Thapar University, Patiala, is one of the premier educational institutes in northern India for imparting quality education in all major engineering disciplines. The institute was accorded the status of Deemed University in 1985 by UGC and AICTE.

As a part of our under graduate curriculum, students are required to undergo industrial Training under Project Semester Scheme. The prime objective of this training is to sharpen their technical skills by exposing them to Industrial environment, along with adoption of value based industrial culture, while being engaged in industrial problem solving. A faculty coordinator is assigned for monitoring the progress of the student(s) through interaction with their Industry supervisor(s). It is hoped that this will help in strengthening Industry Institute Interaction. In this context we seek the kind cooperation of your organization.

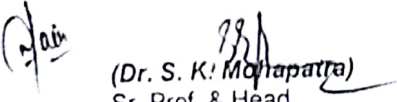

It is to bring to your kind notice that our next batch of third year Mechanical, Production and Mechatronics Engineering students shall be ready for undertaking their training from *January to June, 2017*. It is requested that a slot may please be provided to us for ATUL (101408032) to carry out his training in your reputed organization.

It would be appreciated, if you kindly look into the possibility of offering stipend and accommodation to the students during their training period.

Hoping for a positive and an early response

Subject: Project Semester Training in Industry (Jan – June, 2017)

Dear Sir / Madam,

Thapar University, Patiala, is one of the premier educational institutes in northern India for imparting quality education in all major engineering disciplines. The institute was accorded the status of Deemed University in 1985 by UGC and AICTE.

As a part of our under graduate curriculum, students are required to undergo Industrial Training under Project Semester Scheme. The prime objective of this training is to sharpen their technical skills by exposing them to Industrial environment, along with adoption of value based Industrial culture, while being engaged in industrial problem solving. A **faculty coordinator** is assigned for monitoring the progress of the student(s) through interaction with their Industry supervisor(s). It is hoped that this will help in strengthening Industry Institute Interaction. In this context we seek the kind cooperation of your organization.

It is to bring to your kind notice that our next batch of third year Mechanical, Production and Mechatronics Engineering students shall be ready for undertaking their training from **January to June, 2017**. It is requested that a slot may please be provided for the student **Karandeep Singh** (Roll No. 101409022), a BE student in the Department of Mechatronics Engineering to carry out training in your reputed organization.

It would be appreciated, if you kindly look into the possibility of offering stipend and accommodation to the students during their training period.

Hoping for a positive and an early response

Subject: Project Semester Training in Industry (Jan - June, 2017)

Dear Sir / Madam,

Thapar University Patiala, is one of the premier educational institutes in northern India for imparting quality education in all major engineering disciplines. The institute was awarded the status of Deemed University in 1985 by UGC and AICTE.

As a part of our under graduate curriculum, students are required to undergo Industrial Training under Project Semester Scheme. The prime objective of this training is to sharpen their technical skills by exposing them to industrial environment along with adoption of value based industrial culture, while being engaged in industrial problems solving. A faculty coordinator is assigned for monitoring the progress of the student's through interaction with their industry supervisor(s). It is hoped that this will help in strengthening industry institute interaction. In this context we seek the kind cooperation of your organization.

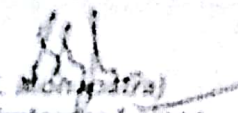

It is to bring to your kind notice that our next batch of third year Mechanical, Production and Mechatronics Engineering students shall be ready for undertaking their training from **January to June, 2017**. It is requested that a skill may please be provided for the student **Hemanshu Sharma (Roll No: 10150002)** a B.T. student in the Department of Mechanical Engineering to carry out training in your reputed organization.

It would be appreciated if you kindly look into the possibility of offering stipend and accommodation to the students during their training period.

Hoping for a positive and an early response.

Thanking you,

With due regards
