

## INDUSTRIAL VISIT

**Date:** 22<sup>nd</sup> August, 2019

**Name of the industry & address:** Shreyans Industries Ltd. Ahmedgarh, Punjab

**Visit Coordinators:** Dr. Haripada Bhunia (Head of Department)

Dr. Neetu Singh (IICHE Coordinator)

The industrial visit was organized by Indian Institute of Chemical Engineers (IICHE), student chapter of Chemical Engineering Department. Third year Chemical Engineers students visited Shreyans Industries Ltd. Ahmedgarh, Punjab. Shreyans Industries Ltd. is one of the leading paper manufacturing industry in India. Students visited different sections of effluent treatment plant (aerobic and anaerobic wastewater treatment plant, black liquor recovery section etc.) to gain insight into the technical aspects of various effluent treatment technologies. Students could correlate the practical aspects with the concepts of various pollution abatement techniques being taught in the current semester. Working procedure in each section was very well explained by Dr. Anil Kumar Naithani, Sr.General manager, Shreyans Industries Ltd. The trip was highly useful for the students in terms of practical knowledge, motivation for further learning and finding placement opportunities in such industries.
