

# SPECIFICATIONS OF BENCH TOP PH METER

Technical Specifications	
Range	-2.0 to 20.0 pH
Accuracy	±0.002pH
Resolution	0.001pH
Operating Temperature	0-40°C (41 - 104 °F)
PH Calibration Points	5 points
Calibration Solutions:	(pH4.01/7.00/10.01)
Temperature Compensation	-20 – 120 °C
mV Range	±2000 mV
mV Resolution	0.1 mV
mV Accuracy	±0.2 mV
Logging Memory	250 Samples plus
Temperature Accuracy	±0.2°C; ±0.4°F (excluding probe error)
Temperature Probe	Stainless steel temperature probe

## Includes

- Bench top Basic pH Meter
- Probe holder
- Probe protector tube
- 3 Calibration standards
- Power supply with plug adapters
- Warranty minimum 2 years
