

Digital Storage Oscilloscope: 70MHz, 2 Channels

Make Preference: Tektronix/ Keysight

Bandwidth	50 MHz
Bandwidth Upgrades	Available
Channels	2
Max Memory Depth	100 Kpts
Max Sample Rate	1 GSa/s
Display Size	7 inch
Waveform Update Rate	50,000 wfms/s
ADC Bits	8 bits
Built-In Instruments (Optional)	• Digital voltmeter • Frequency counter • Protocol analyzer (optional software) • Frequency response analyzer • WaveGen (standard on G models)
Special Triggers	• edge • pulse width • video • pattern/state • protocol decodes • zone touch
