

### **Ph.D. Chemical Engineering Program highlights**

- 1) Ph.D. program is offered in various diverse research areas like Energy & Environment, Nanomaterials and Polymer Composites, Modelling & Simulation, Kinetics & Catalysis and allied areas.
- 2) Well-equipped research laboratories with state-of-the-art facilities (equipment/instruments).
- 3) Research projects of INR 13.6 million are ongoing and research projects of INR 58.9 million have been completed in last five years.
- 4) DST-FIST infrastructure project of INR 19.44 million is under progress.
- 5) SCI research papers (208) were published in last five years.
