

## 8<sup>th</sup> International Selenium Conference

November, 2019  
Patiala, India

**Dear Fellow Researchers,**

We, the organizers of **Se2019**, are pleased to invite you all to take part in the forthcoming meeting, The 8<sup>th</sup> International Selenium Conference, focused on Selenium in Chemistry, Biology and Medicine. The conference will be held during **November 20-23, 2019** at **Thapar Institute of Engineering and Technology, Patiala, India**.

The **Se2019** will offer an excellent platform for scientists and research groups working on the aspects of selenium synthetic chemistry, drug chemistry, biochemistry, molecular biology, microbiology, cancer biology and prevention and other multitude disciplines to present their state-of-the-art research findings, exchange research ideas, and initiate future collaborative research programs.

The conference venue will be **Thapar Institute of Engineering and Technology** established in 1956 and located at the Princely State of **Patiala**, in Punjab Province of India. Patiala is the fourth largest city in the province and is the administrative capital of Patiala district. Patiala is located around the fort Qila Mubarak **The nearest international airport is Delhi, India and the domestic airport is Chandigarh, the capital of Punjab province of India.**

It will be our honour to host you all at **Se2019**, the 8<sup>th</sup> International Selenium Conference with theme focused on Selenium in Chemistry, Biology and Medicine scheduled to be held in November 2019.

We look forward to seeing you all the meeting **with a request to you all to hold the above dates for the next year in your schedule charts and calendars.**

We will be mailing you the link for the conference website soon.

Sincerely,

N.Tejo Prakash

Organizing Secretary, Se2019
